

Ancestry Yearbook Submission Program

Terms and Conditions

Ancestry® is compiling school yearbooks for the U.S. and Canada, starting from the time yearbooks began through 2016. These yearbooks are indexed and published online, and the yearbook images are made available on our websites.

Details

We accept yearbooks in their original form. Do not submit copies of yearbooks in any other form, including photocopies, scans, digital copies, USB drives, or discs. Review the writing in the yearbooks to ensure nothing is explicit or might cause someone embarrassment. When in doubt, don't donate the yearbook.

Donated yearbooks are not returned to the sender; donated yearbooks are cut for scanning, scanned, and then discarded. All duplicate yearbooks will be discarded. Ancestry makes no commitment whether the donated yearbooks will be posted online or the timeline for posting those yearbooks.

Shipping costs for donated yearbooks are covered by you and not by Ancestry. Ancestry does not provide compensation for donations.

Mailing information

Mail submission forms and yearbook donations to: *Ancestry Yearbooks Submission, 42 Future Way, Suite 400, Draper, UT 84020.*

Donation Agreement

The donor must complete and sign this box. Yearbooks printed prior to 1978 that do not contain a copyright notice (©) are not bound by copyright restrictions.

I hereby claim, to the best of my knowledge and efforts to verify, that each of the yearbooks individually identified on the reverse side are: a) not bound by copyright restrictions, or b) the copyright is held by the donor.
